

Managed Endpoint Detection & Response

Optimize staff prioritization and technology stack with 24x7x365 security monitoring and management of industry-leading EDR platforms.

Prevent, detect and respond to cybersecurity threats across your endpoints, 24x7x365

BEST-IN-BREED EDR SERVICES

Expertise managing trusted EDR platforms

Partner with Nuspire's highly-skilled security team to optimize and manage your SentinelOne*, CrowdStrike, VMware Carbon Black and Microsoft Defender EDR service.

ALERT MANAGEMENT

Focus on real threats, not the noise

Leverage Nuspire's tested security process expertise and automation to alleviate false positives and alert fatigue.

THREAT MITIGATION

24x7 monitoring and remediation

Have peace of mind knowing a team of security experts is analyzing, mitigating and responding to threats in real time across your attack surface.

IMPROVED VISIBILITY

Get a holistic view of your security environment

Connect your security tools and services – including EDR – into one view. myNuspire delivers unprecedented visibility and the power to use real-time data to inform changes in your security program.

ONGOING IMPROVEMENTS AND RECOMMENDATIONS

Keep pace with changes and updates

Rest easy knowing the Nuspire team not only offers recommendations to stay ahead of the evolving threat landscape, but also implements those recommendations for you.

SERVICE COMPONENTS

- Smart Start Onboarding
- Platform Optimization
- Configuration Support
- Recommendations for Security Posture Improvement / Platform Hardening
- 24x7x365 SOC Monitoring
- Alert Validation
- Rapid Threat Mitigation, Response and Remediation
- Endpoint Agent Updates
- Global Threat Intelligence
- Threat Hunting
- Custom Client Runbooks
- myNuspire Access

A People-first, Tailored Approach to EDR Management

Nuspire's team works with you to maintain and monitor your environment – while also responding to and remediating security events – to optimize your suite of Microsoft Defender services:

SMART START ONBOARDING

New EDR Solution

- Expert advice in selecting the right EDR solution for your specific business case
- Industry-leading support and management setting up your preferred EDR solution

Existing EDR Solution

- Bring the technology you have, and we'll enrich it with our proprietary and partner threat intelligence data, providing accurate detection and complete coverage

DAY-TO-DAY MANAGEMENT

- 24x7x365 monitoring, response and remediation aligned with processes in your custom client runbook

OPTIMIZE YOUR TECHNOLOGY STACK AND STAFF PRIORITIZATION

- Expertise across all platforms to maximize value from your EDR technology
- Validation of a correct EDR deployment
- Ongoing guidance and Nuspire-led updates to improve the efficacy of your EDR solution
- Seamlessly migration of existing EDR technology – ensuring uninterrupted management

Boost the power of your EDR platform

Let Nuspire's team of security pros optimize endpoint protection to get you the full value out of your EDR solution.

About Nuspire

Nuspire is a leading managed security services provider (MSSP) that is revolutionizing the cybersecurity experience by taking an optimistic and people first approach. Our deep bench of cybersecurity experts, world-class threat intelligence and 24x7 security operations centers (SOCs) detect, respond and remediate advanced cyber threats. We offer comprehensive services that combine award-winning threat detection with superior response capabilities to provide end-to-end protection across the gateway, network and endpoint ecosystem. Our client base spans thousands of enterprises of all sizes, across multiple industries, and achieves the greatest risk reduction per cyber-dollar spent. At Nuspire, we are laser focused on delivering an extraordinary cybersecurity experience that exceeds client expectations.

*SentinelOne can be purchased directly through Nuspire.
