

Managed Microsoft Defender

Realize the full value of Microsoft Defender through a seamless, expert-led managed solution from Nuspire.

Optimize Microsoft Defender Services for Endpoint, ID, O365 and Cloud App Security

SEAMLESS INTEGRATION

Centralized management of Defender services

Integrate all your Microsoft technologies, plus get expert support onboarding non-Microsoft applications.

EXPERT GUIDANCE

Go beyond “off-the-shelf” capabilities

Take advantage of configuration, tuning, maintenance and monitoring, plus get recommendations for continuous improvement.

ALERT MANAGEMENT

Focus on real threats, not the noise

Leverage Nuspire’s tested security process expertise and automation to mitigate false positives and alert fatigue.

THREAT MITIGATION

24x7 monitoring and remediation

Have peace of mind knowing a team of security experts is mitigating and responding to threats directly in your Defender environment.

ONGOING SUPPORT

Keep pace with changes and updates

Get the support needed to manage changes in consoles and capabilities without causing business disruption.

SERVICE COMPONENTS

All Microsoft Defender services (Endpoint, ID, O365 and Cloud App Security) can be fully- or co-managed and include:

- Smart Start Onboarding
- Platform Optimization

- Recommendations for Security Posture Improvement / Platform Hardening
- 24x7x365 SOC Monitoring
- Rapid Threat Mitigation, Response and Remediation
- Global Threat Intelligence
- Threat Hunting
- Custom Client Runbooks
- 400 Days of Log Storage
- myNuspire Access

Managed Microsoft Defender | Solution Features

Nuspire's team works with you to maintain and monitor your environment – while also responding to and remediating security events – to optimize your suite of Microsoft Defender services:

DEFENDER FOR CLOUD APPLICATIONS

Protect both native Azure and third-party SaaS applications

DEFENDER FOR OFFICE 365

Safeguard against threats from malicious emails, links and collaboration tools like SharePoint

DEFENDER FOR IDENTITY

Identify suspicious activity for on-premise or hybrid environments using Azure Active Directory

DEFENDER FOR ENDPOINT

Secure your endpoints, reduce your attack surface and quickly respond to threats

Remove the complexity of managing Microsoft Defender

Let Nuspire's security pros handle the day-to-day tasks so you can focus on your core business priorities.

About Nuspire

Nuspire is a leading managed security services provider (MSSP) that is revolutionizing the cybersecurity experience by taking an optimistic and people first approach. Our deep bench of cybersecurity experts, world-class threat intelligence and 24x7 security operations centers (SOCs) detect, respond and remediate advanced cyber threats. We offer comprehensive services that combine award-winning threat detection with superior response capabilities to provide end-to-end protection across the gateway, network and endpoint ecosystem. Our client base spans thousands of enterprises of all sizes, across multiple industries, and achieves the greatest risk reduction per cyber-dollar spent. At Nuspire, we are laser focused on delivering an extraordinary cybersecurity experience that exceeds client expectations.
